INSTRUCTIONS FOR ACCESSING CONTENT:

- This PDF contains attachments. To access the attachments, you will first need to download the PDF and open it on your computer. Once open, you can click on any section in the table of contents to access a particular section, and a new PDF will open with that content.
- Adobe Acrobat Reader can be downloaded free of charge [here](#).
- To open a specific section (which will open a new PDF) without closing the TOC, you may need to update your preferences.
 - In Adobe Acrobat, go to 'Edit' → 'Preferences.'
 - In the 'Documents' category, unselect 'Open cross-document links in the same window.'
 - Alternatively, you can click directly on the attachments in the navigation panel on the left. To open the attachments panel, click on the paper clip icon on the left navigation/task bar.

Notes to readers:

- Yellow highlights indicate a study was conducted during an Omicron dominant period.
- Excluded studies conducted during the Omicron period are noted in **red** text in sections 1.2 and 2.1.
- Second booster doses are indicated in Section 2 by **blue** text in the 'Vaccine Product' column.
- Bivalent booster doses are indicated in Section 2 by **turquoise** text in the 'Vaccine Product' column.
- Monovalent XBB.1.5 boosters are indicated in Section 2 by **orange** text in the 'Vaccine Product' column.
- When not otherwise specified, mRNA vaccines refer to the original monovalent mRNA vaccines.
- The term 'any' is used with mRNA vaccines to indicate any manufacturer of mRNA vaccines (i.e. Moderna or Pfizer BioNTech).
